About Beverly Goldsmith: Teacher of Christian Science healing

Beverly's path to teaching an annual course on Christian Science healing began as a young teenager when she saw her mother and grandmother healed of chronic ailments by reading

[Science and Health with Key to the Scriptures](#) by [Mary Baker Eddy](#).

Beverly also read the book and was quickly healed of [migraine headaches](#) and multiple warts on her fingers. She has [relied exclusively](#) on this system of healing for her health and well-being ever since.

Beverly's mother, herself, and grandmother

Prior to becoming a [Christian Science teacher](#), Beverly had a successful [singing career](#) which included singing to US troops in the [Vietnam War](#). Beverly [prayed](#) her way through 133 shows in 120 days. On returning to Australia, Beverly married and for a short time taught [music and drama](#) in high schools.

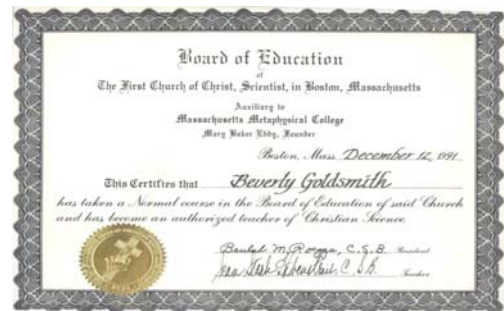

Having successfully experienced protection and healing as a result of her prayerful application of Mary Baker Eddy's system of spiritual healing, Beverly decided to leave the music field to devote her life entirely to helping others as a [Christian Science Practitioner](#). Having undertaken formal Primary class - the [course](#) in Christian Science healing in her teens, she started her healing ministry by joining other practitioners in sharing a public office in Adelaide, South Australia. Shortly after, she began advertising her professional healing practice in the [Christian Science Journal Directory](#).

Beverly Goldsmith

In addition to continuing her healing [practice](#), Beverly devised, prepared and presented Sunday School workshops throughout Australia and New Zealand. For seven years, she also worked for The Mother Church in Boston, MA, USA, as a Field Assistant visiting branch churches in Australia, and as a Regional Assistant visiting Christian Science faculty and students each year at Universities around Australia and New Zealand.

Wanting to help people learn how to practice Christian Science healing for themselves and others, Beverly applied for a place in a Normal Course conducted by the Board of Education of The First Church of Christ, Scientist in Boston, Massachusetts, USA. She was accepted into the 1991 Normal course and travelled to Boston to study with the 29 other experienced practitioners from around the world who'd been selected to enter the class. She successfully completed the Normal course and received a certificate authorizing her to teach Christian Science.

Beverly Goldsmith's Christian Science teacher certificate

In 1992 Beverly taught her first annual Primary class in Christian Science healing. The aim of the 12 day course is to teach a pupil how to practice this healing system for himself or herself, and to be able to help others find health and healing as a professional Christian Science practitioner.

Beverly's Christian Science Class teaching is based on the 24 'Questions and Answers' contained in the [chapter 'Recapitulation'](#) in Mary Baker Eddy's textbook on healing [Science and Health with Key to the Scriptures](#), and the teachings of Christ Jesus and the King James Bible.

During the [Primary class](#) sessions, Beverly gives examples of healing, and shares lessons she's learned during her more than 30 years of professional healing practice. She explains to pupils how to give effective, prayer-based Christian Science treatment, regarding such matters as,

- **Health issues:** illness, disease, sight, hearing, contagion, headaches, stress.
- **Mental health issues:** depression, worry, insomnia, eating disorder.
- **Relationships:** family, home, workplace, school.
- **Financial matters:** debt, lack, paying bills.
- **Housing:** finding a home.
- **Employment:** career choices, finding work, redundancy.
- **Schooling issues:** study, exams, achieving good results, academic ability.
- **Business issues:** finances, opportunity.
- **Travel:** safety, protection.

Association Day of Learning:

In addition to teaching an annual Primary class in Christian Science healing, Beverly conducts a [one-day class](#) each year for graduates of all her classes.

Held at a Brisbane [conference centre](#), the Christian Science Students' Association of the Pupils of Beverly Goldsmith, C.S.B., build on their class learning and increase their understanding and practice of Christian Science healing.

Each year, Beverly sets the graduates a preparatory assignment and works with them leading up to their interactive Association Day of Learning.

After Class contact:

Beverly maintains a close contact with her pupils by [phone](#), [Skype](#), and [email](#). She is always available to answer questions, nurture and mentor a pupil's practice of Christian Science healing. Such after-class assistance is designed to promote a pupil's "progress in the understanding of divine Principle, not only during the class term but after it, and to watch well that they prove sound in sentiment and practical in Christian Science." Church Manual by Mary Baker Eddy p.83

Because of advances in web-based technology, Beverly's pupils have the opportunity to have a face-to-face conversation with her anytime via [Skype live-video](#). No web camera is required by a pupil requesting to participate in a video visit.

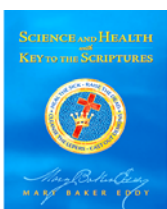

Skype live-video with Beverly Goldsmith Christian Science teacher

Steps:

1. [download](#) Skype for free.
2. Add Beverly to your contact list with her Skype name, beverlygoldsmithcsb.
3. Send Skype request to Beverly to add you to her contact list.
4. [Email](#) Beverly nominating a day and time for an office visit via Skype live-video.

All communications between Beverly and her pupils are strictly private and confidential.

Beverly Goldsmith is a Christian Science [practitioner](#) and [teacher](#) in Brisbane, Queensland, Australia.

[Science and Health with Key to the Scriptures](#) by Mary Baker Eddy, is her class textbook in teaching Christian Science healing.
